**For the past 15 years, Diane has experienced many beneficial results from receiving regular massage treatments.**

Because of these results, Diane decided that she wanted to help others experience the wonderful benefits of therapeutic massage. After moving to the Crystal Coast and taking early retirement a few years ago, Diane returned to school and received her diploma and AAS degree in Therapeutic massage from Carteret Community College

Diane believes each person is unique, and every massage should be customized to meet the needs of the individual. Diane's Swedish massage sessions are combined with energy modalities to promote deep relaxation which helps to enhance the clients' own healing abilities. Diane's massages are provided in a safe, peaceful, comfortable environment with the utmost respect for the sacredness of the human body.

Diane also offers chair massages at her office, in the client's home, or in the workplace. Seated massage is performed with the client fully clothed and provides a 15-30 minute treatment that rejuvenates the spirit and energizes the body.

**By appointment only**  
**Gift Certificates available**
