Ordained, Inter-faith Minister who focuses on providing spiritual guidance and teachings combining Western and Eastern beliefs. Let today be the beginning of living your true purpose. I've studied many of who I consider the most enlightened people in order to share their words with you. I teach classes at Carteret Community College that deal with the mind/body/spirit connection (with a focus on the Chakra's), life after physical death, the possibilities of re-incarnation, past-life regression, etc.

I am a Distributor for Young Living Essential Oils #976907. I believe they are the highest grade of Essential Oils on the Market! Don't just take my word....do your research. .....  
In October of 2008 I was privileged to meet several authors who have had such a major impact in my life that I wanted to share some information about that experience. It definitely proves dreams do come true!

Dr. Weiss and Dr. Dyer are two of my favorite authors. It was such an honor to meet them and spend time with them. Here I am with Dr. Weiss at a recent conference.

I spent an entire afternoon in a workshop with him. He is such an inspiration and a great role model. He is a gentle, unassuming man who constantly reminded us that there is no need for prejudice or bias of any kind because we are all ONE!

Thank you, Dr. Weiss and many blessings!

Here I am with Dr. Dyer. He really is very genuine and has been important in my lifetime of learning and gaining wisdom. I give God many thanks for this wonderful man.

FYI....Dr. Dyer gives the best hugs!
